Mr. Brian M. Kelly
On-Scene Coordinator
Emergency Response Branch
United States Environmental Protection Agency
Region 5
9311 Groh Road, Room 206
Grosse Ile, Michigan 48138

SUBJECT: DSC-Trenton Site, 1491 West Jefferson Avenue, Trenton, Michigan,
ID No. B5KV

Thank you for your October 24, 2007, letter requesting that the Michigan Department of Environmental Quality (MDEQ) identify all specific Applicable, Relevant, and Appropriate Requirements (ARARs) for the proposed removal action at the above-subject facility.

The MDEQ has identified the following Michigan statutes and their promulgated regulations that may represent ARARs for the proposed United States Environmental Protection Agency's actions. The likely ARARs include, but are not limited to:

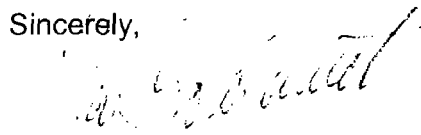

1. Part 31, Water Resources Protection, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA).
2. Part 111, Hazardous Waste Management, of the NREPA.
 - a. In addition to the hazardous wastes identified by the federal Resource Conservation and Recovery Act, the MDEQ has identified additional hazardous wastes under U and K hazardous waste codes and "severe toxicity" designation.
 - b. Specific requirements for used oil management are found in Part 8 of the Hazardous Waste Management Rules, 2004 AACRS, R 299.9101 *et seq.*
3. Part 115, Solid Waste Management, of the NREPA.
4. Part 121, Liquid Industrial Wastes, of the NREPA.
5. Part 201, Environmental Remediation, of the NREPA.

6. Part 211, Underground Storage Tank Regulations, of the NREPA.
7. The Michigan Fire Protection Code, 1941 PA 207, as amended, and the Storage and Handling of Flammable and Combustible Liquids, 2003 AACCS, R 29.5101 et seq.

For links to these laws, please visit the MDEQ website at www.michigan.gov/deq (click on "DEQ Laws and Rules" and then "Public Act 451 of 1994, Natural Resources and Environmental Protection").

If you have any questions regarding this matter, please contact me at 517-241-9540.

Sincerely,

Dan Yordanich
Environmental Quality Specialist
Enforcement Section
Waste and Hazardous Materials Division
